PETITION PURSUANT TO 37 C.F.R. §1.47
TO ACCEPT A DECLARATION WHEN
ONE OF THE JOINT INVENTORS REFUSES TO SIGN

Sir:

1. The above-identified application was filed without formal papers on December 14, 2001.

2. Each of the two joint inventors, including Mr. Robert A Kay, were employed by Leiner Health Products, Inc. ("Leiner") during the time the invention was conceived. Mr. Kay subsequently left the employment of Leiner prior to the filing of the application.

3. Mr. Kay was contacted both before the filing of the application and thereafter in order to obtain his signature on the Declaration.

4. On March 5, 2002, Leiner's outside patent counsel, Hoffmann & Baron, LLP sent a Declaration and Power of Attorney to Mr. Kay for signature at 16253 Incline Court, LaMirada, CA 90638 by Federal Express. Thereafter, Leiner's patent counsel spoke to Mr. Kay on at least three occasions about the application and the Declaration and Power of Attorney which was sent to him for signature. Mr. Kay stated that he had received the

Declaration and Power of Attorney but would not sign the document because of business disagreements with Leiner.

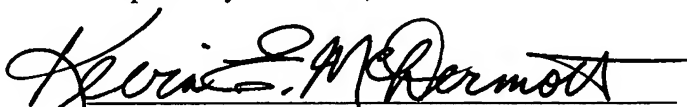

5. A Declaration by Kevin E. McDermott is filed herewith and details the efforts undertaken by Leiner's outside patent counsel to have Mr. Kay execute the Declaration and Power of Attorney.

6. The other joint inventor, Larry K. Thomas, has executed the Combined Declaration and Power of Attorney which is being filed herewith in response to a Notice of Missing Parts mailed January 9, 2002..

7. Accordingly, Petitioner respectfully requests that the Declaration and Power of Attorney be accepted and the Response to the Notice To File Missing Parts be deemed completed.

8. A check in the amount of \$130.00 is enclosed herewith for the fee associated with this petition under 37 C.F.R. 1.17(i). Authority is also given to charge Deposit Account No. 08-2461 for any additional fee associated with this Petition. A duplicate copy of this sheet is enclosed for that purpose.

Respectfully submitted,

DECLARATION OF KEVIN E. McDERMOTT
IN SUPPORT OF PETITION PURSUANT TO 37 C.F.R. § 1.47

1. I am an associate with the law firm of Hoffmann & Baron, LLP, the outside patent counsel for Leiner Health Products, Inc. ("Leiner") in the above-referenced patent application.
2. I am a registered patent attorney and my registration number is 35,946.
3. Mr. Robert A. Kay is an inventor on the above-identified patent application and was an employee of Leiner at the time of the invention.
4. The patent application was filed on December 14, 2001, without the Declaration and Power of Attorney.
5. Mr. Kay terminated his employment with Leiner prior to the filing of the application.
6. On March 5, 2002, I sent a letter to Mr. Kay enclosing a copy of the Declaration and Power of Attorney document for review and signature. The document was sent to Mr. Kay's home at 16253 Incline Court, LaMirada, CA 90638 by Federal Express.

This address was provided to me by Mr. Kay during a previous telephone conversation. A copy of the letter is attached hereto as Exhibit A.

7. On March 7, 2002, I spoke to Mr. Kay on the telephone and he stated that he had received the Declaration and Power of Attorney. However, he expressed reservations about signing the document since he did not want to assign any rights that he may have in the invention to Leiner. Accordingly, Mr. Kay asked me to send him a letter by facsimile which would confirm that the Declaration and Power of Attorney did not transfer any property rights in the invention. A copy of the letter is attached as Exhibit B.

8. On March 21, 2002, I spoke to Mr. Kay on the telephone to ascertain whether or not he had signed the Declaration and Power of Attorney. Mr. Kay stated that he had not and that he would not be signing the document because he had not been able to resolve certain business disagreements with Leiner.

9. I hereby declare that all the statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful, false statements and the likes that are made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful and false statements may jeopardize the validity of the application or any patent issued therefrom.
